Third Parties

Federalists and anti-Federalists. The

nestion caused a change in the names of

these parties and these questions caused

up these elements. These contending

parties, at length, became known as the

Democratic party and the Wig party.

the division of the Federal and the anti-

Federal parties became more marked

as the slavery and tariff questions as

sumed prominence, until the Whig party

went to pieces over the rock of slavery

when the old Federal element again con

ing to the front in the shape of the Re-publican party carried the country and

the anti-Federalists went into rebellion

against the government. The anti-Federalist element in 1830, then known as

the Democratic party, adopted free trade

and afterwards the Republicans held on

to the originally universal principle of

Thus the Republican and Democratic

parties are as squarely divided on the isand which divided the old Federal and anti-Federal parties, and which gave

them these names, as these parties were and in addition to this, they are divided

squarely on the tariff question, and sev eral minor questions which grow out of

them. So long as this is true the organi-

zation of a third party that can ever die

tate an electorial vote is impossible. Take

the Prohibition party as an example. From what was said in its behalf, many

pelieved that it would rapidly spring into

minence, but the fact that from 1884

1888, it only gained 98,987 votes, while the combined gain of the two old parties was 1.219.064 shows that it can never be-

a the management of the affairs of gov-

vote with one of the old parties. One or

the other of these parties will control the

ples of one or the other will be enforced.

How Tip Plates are Made.

placed in an appealing furnace for thirty

six hours after which they are passe

through the cold rolls, receiving a smooth

polished surface: they are annealed again

and put into the white pickle, where thos

are thoroughly cleansed from any exida

tion: they are then ready for the tinning

process. The mode of putting on the

coat of tin is very simple. The plates

are first submerged in a bath of palm oil until all the water disappears, the oil

forming a flux for the tio, the first cont

of which is received in the tip pot; the

plates are next dipped in the "wash pot,"

and when taken out the tin is spread

over the surface with a brush by hand.

The final not in the tin-conting process consists in passing the plates through

rolls, running in palm oil, whereby the

surface obtained. There are five of these

rolls used, three running on top of two,

and the plates make two passes through

them, in the first place being let down

through the first and second of the upper

set, and by a cradic arrangement being

returned through the second and third

This completes the tinning operation

proper, and the polish is obtained by

rapid movements of the plates through

bran and middlings, respectively, and then polishing with sheepskin. The re-sult obtained at the Demmler works is a

very excellent article of bright tin plat

Bloomington's Kick.

The Decatur authorities are trying to use this town as a dumping ground. Yesterday they shipped in a punper with a sore foot, which he is showing at houses for begging purposes. This afternoon the patrol brought him in and he will be sent back to his biseon county friends.

Why this complaint? Bloomingto

has been dumping her politicians on De-

onius for the past ten years. Decatur now shows a willingness to reciprocate

s a part of its principles while the Whigs

ile way from Bloomington to Decatur. In his address to the farmers at Shelby Ohio, Major McKinley made ahe the folowing very sensible and convincing

written law to prevent these organizations; there is no such law to prevent those who desire to do so, to become members of these different organizations; but the unwritten law of personal responsibility in the practical affairs of government prevents these parties from becoming a factor in politice only as they may individually aid one or the other of the leading political parties in securing control of the government, and in that case these third parties might as well have voted directly for the candidate of the party they practically aided. People have also come to understand that designing men who have been disappointed in securing or retaining places in the great parties are always found at the birth of these new organizations.

The time has been when men could be birth of these new organizations.

The time has been when men could be a prung into power, but this theory has died out of the might of all except the most thoughtiess. Since the organization of the government there has been two elements or civilizations whose political beliefs have been antagonizations of the government there has been two elements or civilizations whose political beliefs have been antagonizations.

The time has been antagonization of the government there has been two elements or civilizations whose political beliefs have been antagonization of properties.

The province of the properties and convenience of property. It is also properties to the properties of properties. The province of properties of the properties of the properties of the whose political beliefs have been entago-niatic. They were at the first known se

it solely in the interest of the laboring man. It will require more than this, however, to convince the people that America must forever yield the right of manufacturing tin plate to the English

Some three weeks ago the free-trade papers told the people that there was not Station, ix miles east of Decarti mile west of Long Urse Station, ix miles east of Decartor on an onnce of tin ore in the Black Hills. The same papers are now saying that the tin mines in the Black Hills are about to fail. Surely these people are amusing to say the least. Deafness Can't Be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to our electrons, and that is by constitutional remedies. Desiness is caused by an inflamed condi-Dentness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deufness is the result; and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forevernine cases out of ten are caused by Catarth, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarth) that we cannot care by taking Hall's Catarth Cure. Send for circulars free.

A tran is infinitely worse than a thief

This Is Pretty Good.

Mr. John O. Goodwin; a carpenter of Danville, Ill.; writee: "About two weeks ago a heavy saw log felt upon my foot very hadly crushing it, so that I wis unsule to walk at all. I seek for a bottle of Ballard's Hnow Linimens and kept my foot saturated with it. It is now two foot saturated with it. It is now two weeks since this happened, and my toot is nearly, well and I am at work. Had I not used Snow Limiment I should have been laid up at least two months. For healing Wounds, Sprains, Sores and Brusses it has no equal. No inflammation can exist where Snow Limiment is used. "You can use this letter."

Beware of all white Limiments substituted for Snow Limiment. There is no he other Limiment like Ballard's Snow Limiment. Sold by Swearingen & Tyler.

To Housekeepera If your carpet sweeper takes up the nap, give it to the children to "play horse" with, and get a "Charm" of "Ohio" sweeper, of the Lytha & Echelle Hardware Co. You will save money by so doing.
